COURSE OBJECTIVES:

These courses aim to provide teachers with the opportunity:

- To acquire ready made teaching materials and to evaluate, adapt and create materials for teaching their subject(s) in English,
- To refresh/improve their language skills, focusing on the language required to teach their subject(s) in English

COURSE CONTENT:

1. Workshops on Content and Language Integrated Learning (C.L.I.L.) Methodology:

conducted by expert C.L.I.L. teacher trainers with many years of experience in training European Teachers and a wealth of exciting ideas to impart: Dr Diana Hicks (author of ‘Cambridge English for Schools’) and Graham Workman.

The workshops include:

- brainstorming of concerns, issues and questions
- principles of C.L.I.L./ ‘bilingual’ methodology
- roles of language and curriculum content in C.L.I.L./ ‘bilingual’ pedagogy : balance and emphasis
- sources, examples and potential uses of additional curriculum materials in English

- monolingual and bilingual textbook evaluation
- assessment issues in C.L.I.L.
- reading strategies for bilingual learners
- thinking skills
- working in two languages: code-switching

Some sessions will include trainer presentation of concepts and materials which lead to a discussion and response. Other sessions will encourage participants to critically evaluate currently available materials (in pairs and groups) and produce materials and topic frameworks. Participants will be asked to do the tasks designed for students – a debate, a role play, a simulation, a range of reading tasks (including jigsaw reading) and writing tasks (including process writing).

Some sessions will be in **subject groups** focusing on C.L.I.L. methodology relating to that subject:

An in-depth analysis and use of purpose written bilingual materials.

Examples and suggestions for

- strategies to present and learn specialist vocabulary
- recognising key collocations in each area
