Participants will have the opportunity to gain a wealth of new teaching ideas, practical classroom skills and CLIL materials for use in the primary classroom and also to improve their command of English and their knowledge of Britain and British life.

These courses will explore features and advantages of CLIL (Content and Language Integrated Learning) - 'Bilingual' Teaching in which pupils learn a subject through the medium of a foreign language (English).

OBJECTIVES:

The courses aim:

- to familiarise participants with examples of good practice in CLIL
- to increase understanding of the potential of CLIL methodology
- to encourage participants to develop CLIL projects relevant to their own context and pupils' ability.
- to provide a variety of new teaching ideas, practical classroom skills and materials
- to increase participants' knowledge of Britain and the British

COURSE CONTENT:

1. **Workshops on CLIL (Content and Language Integrated Learning) at Primary Level** – 5 days or 4 days conducted by expert CLIL teacher trainers: Dr Diana Hicks author of "Cambridge English for schools", "Primary Colours" and "Pingu's English" (Linguaphone); Silvana Rampone co-author of "Cross-curricular resources for Young Learners" (O.U.P.) and "Cross-curricular projects for the Italian Secondary school" (Cambridge-Loescher) or Graham Workman

Innovative teaching methodology will be demonstrated and specific techniques recommended for adaptation in class according to pupils' age and ability.

The course will give participants the opportunity to reflect on:

- their own national curriculum and look for general topics which best suit the age of their pupils;
- the characteristics and needs of the CLIL learner in second language acquisition;
- methodological approaches to facilitate the communication of the content through English (Co-operative Learning, TPR (Total Physical Response), frequent rephrasing, use of realia/pictures/mime/mini-plays/group work);
- the use of authentic materials and their suitability in second language acquisition for young learners.

Through group work participants will gain experience in planning CLIL lessons (learners' motivation; communicative skills; materials; expected language re-action; expected outcomes; assessment and evaluation) and developing C.L.I.L. materials related to different subjects.

PAYMENT:

Full payment will be due 2 months before the course begins, or for teachers awaiting funding – as soon as the grant is received. Cancellation charges apply for cancellations 4 weeks or less before the course commences. 3-4 weeks before arrival: cancellation fee: 380 Euros. No refund for cancellations within 3 weeks of arrival. Applicants are strongly advised to take out cancellation insurance.

PREPARATION: Participants complete a detailed questionnaire before the course starts to ascertain their level of experience and training, as well as the age groups they teach and any special requirements. Suggestions for pre-course reading are given. Participants will be invited to bring if possible, a short translation in English of the key points of their national curriculum (in science, geography and art) and examples of any cross-curricular work or projects developed by them in their schools.

FOLLOW-UP: At the end of the course teachers are asked to consider which aspects of the course will be the most relevant to their teaching situations. On their return they are invited to keep a record of how they have been able to utilise ideas gained on the course in their own classrooms. They are encouraged to share their experiences with their fellow participants by email. Teachers will also have email access to the teacher trainers for discussion and advice after the course and information about future initiatives and developments in this field.

OUTCOMES: By the end of the course participants will have:

- increased their understanding of CLIL methodology
- gained a wide variety of new ideas, skills and materials for Content and Language Integrated Learning at primary level
